production

The enthusiasm for the subject, the feeling and the moment drives me as a photographer. With years of experience, I capture the special in every place and the beautiful in every situation in my pictures. In doing so, I find aesthetics above all in the honesty and authenticity of the moment.

(photo) Motto: 24 hours from the guest's point of view

- x Arrival in the morning

- x Hotel tour with host of the house and briefing

- x Determination of the schedule: e.g. reception, room, bar, SPA ... x

The shooting takes place in individual phases

- x After the first round, we sift through the images together with the client and develop our own tonality incl. visual language suitable for the object

- x Then follow the next phases according to previously defined schedule

- x Shooting arrival, reception, room, spa, application, dinner,...

- x Overnight stay in the house

- x Shooting breakfast, details, departure ...

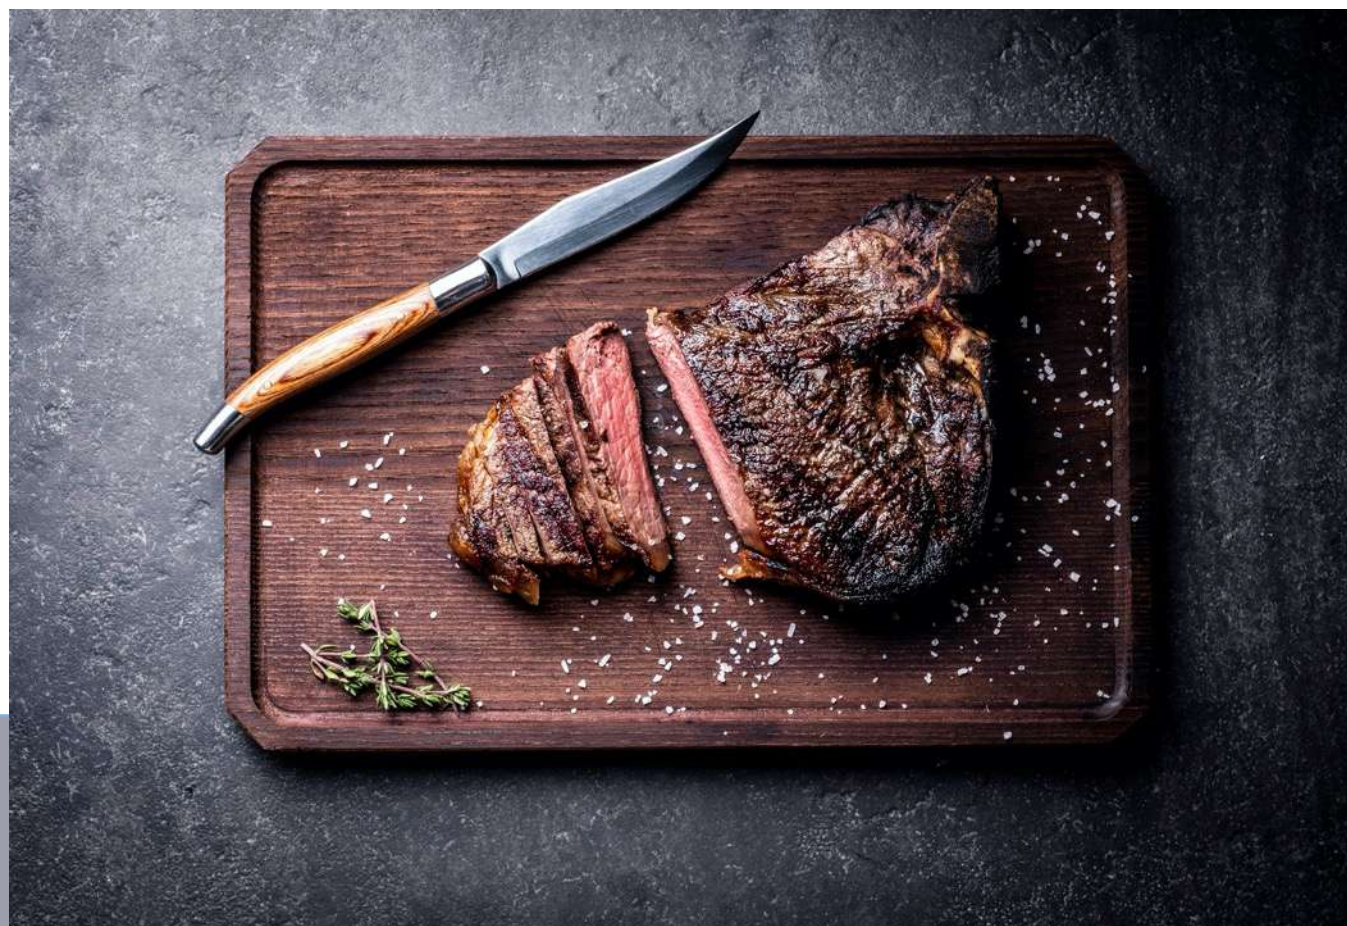

- x Departure at noon

Yield: About 400 edited photos
